It is expected that the administration of these tests will generate material that will be formulated into a report.

- **96119 – Neuropsychological testing** (eg, Halstead-Reitan Neuropsychological Battery, Wechsler Memory Scales and Wisconsin Card Sorting Test), **with qualified health care professional interpretation and report; administered by technician, per hour of technician time, face to face**
- **96120 – Neuropsychological testing** (eg, Wisconsin Card Sorting Test), **administered by a computer, with qualified health care professional interpretation and report.**
